## EXPERIENCE

**Software Developer (Co-op)**                                          **January 2019 – June 2019**
BTNX Inc., Markham, ON

- I developed, from the ground up, a web app on React Js.
- Worked on the company website to link the "Careers" page to a database containing all job postings, with a Boolean for availability
- Created a web application that would retrieve shipping information from UPS and store it on the local database, and display it to the user when prompted
- Created chat boxes using SignalR in ASP.Net Core

**Produce Stocker**                                                          **June 2020 - Present**
Costco Wholesale, Markham, ON

- I look up sales number and stock merchandise according to how well they sell
- I must keep track of how much stock we have left and decide how to place the merchandise in the designated area
- I must physically exert myself to complete the job assigned to me
- I deal with customers when they have queries and also help them find what they might be looking for
- _____

## EXTRA-CURRICULAR EXPERIENCE

**Soccer Head Coach**                                                      **May 2019 – August 2019**
North York Cosmos, North York, ON

- Worked with kids from ages 6-12 and coached them on how to play as team.
- I had to let the frustrated parent know that winning and losing was part of the game when their children's team lost a match
- I had to help kids improve their game and teach them new moves and tricks in soccer
